

SHE KNEW STEVENSON

RED CROSS WORKER MET MANY SCOTCH CELEBRITIES PERSONALLY

One of the winter residents of Glendale who comes from the frozen east and who is an active worker in the Red Cross, claims Scotland as the land of her nativity and "home." From motives of modesty she strenuously objects to personal publicity, but of her interesting friends and experiences she talks most entertainingly. Her father was a literary man and she is rich in personal acquaintance with men revered in the world of letters.

For instance, Robert Louis Stevenson was the chum of her brother in boyhood and a visitor at her home. He betrayed no special abilities at that time, she reports, though he carried a notebook in his pocket and jotted down his impressions. He was also very observant. His father and grandfather were great engineers and built the wonderful light houses still to be seen in Northern Scotland. His disinclination to that profession was a sore disappointment to the father though he became eventually very proud of his son's literary genius. He was always a delicate boy and susceptible to cold. For that reason he wore a blue flannel shirt which was gayer by his fellows and also he wore his hair long as a protection because he suffered from earache.

She likewise knew Dr. John Brown who wrote the celebrated "Rab and His Friends," one of the most beautiful dog stories ever written. His "Margery F. Cumming" has also had many thousands of delighted readers.

She had an acquaintance with Crockett, author of "The Stickit Minister." A clergyman himself, he used the wealth of materials furnished by his country parishes for the creation of the books which brought him far more income than his salary. She states that he considered his less popular "Black Douglas" his best production.

When a little girl in Edinburgh, she once saw the great Thomas Carlyle and the picture recorded on her childish mind was of a man with a great shock of gray hair.

She declares that the descriptions of England and Scotland by William Winters, the great dramatic critic, surpass anything of like character that has ever been written.

THE RAIN CONTINUES

At this writing, Friday morning, a warm, delightful rain continues in the moderate amount that farmers like to see because it sinks into the ground where it will do the most good, percolating gradually through the upper strata to renew the supplies upon which the country depends for irrigation water. The total record of the storm which began Sunday to Friday morning, February 22, is 6.03 inches, the rainfall of the 24 hours preceding Friday at 7:30 a. m. amounting to 2.37 inches, according to the record of Mr. Bartlett's rain gauge. When to this 6.03 inches is added the previous rainfall of the season, 95-100 of an inch, the total of the season to date is found to be 6.98 inches. At this time in 1917 the total was 15.90 inches, so it will be seen that Jupiter Pluvius has some distance to go to catch up. The total rainfall of 1917 in Glendale was 18 inches.

The amount of precipitation varies in a marked degree even in our own city, the districts nearest the foothills getting more than the southern portions.

Seventeen inches of snow and a rainfall on top of that is the report from Mount Wilson. Thursday afternoon snow was falling on Mount Baldy at the rate of an inch an hour. According to Dr. Ford A. Carpenter in charge of the Los Angeles Weather Bureau, the area of greatest precipitation is in the region of Point Conception, Santa Barbara, in which the storm total is given as 7.99 inches. Pasadena's total up to Thursday afternoon was 4.32 inches. The storm seems to have passed by the more southerly districts, Santa Ana being credited with only .09 of an inch and San Diego with .68 of an inch. Weatherman Beals of San Francisco predicts that the storm will end in scattering showers today.

The wind which has accompanied the storm did some damage on the coast to shipping, and dispatches from Santa Barbara state that some of its sea wall has been washed out, but the injury fades into insignificance in comparison with the immense benefit to crops present and to come.

WEATHER FORECAST—Rain tonight and Saturday. Southerly winds.

NO RELEASE

PLAN TO CONTINUE LEGAL ADVISERS IN THE SERVICE OF REGISTRANTS

The National Council of Defense with the approval of the American Bar Association, is putting up a proposition for the government to retain the lawyers who have been serving local exemption boards as the legal advisers of registrants, that they may continue to assist them by legal advice to arrange their affairs, make provision for their dependents and care for their property so that when the final call comes little confusion or hardship will result. In the opinion of the Council the 1,500,000 men already under arms and their dependents will also need legal advice in order to protect their civil rights and claim the benefit of war emergency legislation.

Chairman Lanterman of the local board indorses the suggestion saying: "It is very necessary to have something of this kind because the wives of soldiers in many cases are not getting their allowances. These compulsory allowances are made by the soldiers for their wives and are taken out of their pay by the government. But, though charged against the men, the allowances are not being received by the wives. This is probably the fault of officials in charge at the camps who are snowed under with clerical work which has not yet been organized, but it works a hardship on these women, and when it has been charged against their husbands, the wives ought to get it."

The circular sent out by the Council of Defense makes the following suggestions:

Explaining Draft Law

- To explain the selective-service law to drafted men.
- To give legal advice as to the benefits of war-risk insurance, allotment of soldiers' and sailors' pay by the Federal Government, Government family allowance, the soldiers' and sailors' civil rights act if it becomes law, and other war emergency laws relating to men entering the service. Copies of these laws will be furnished by the War Department. The home service sections of the Red Cross in many communities have information service in this regard organized and in operation. Coordination with their work on this point should be arranged so that their work may not be duplicated unnecessarily. The committee should also assist in drawing up the papers necessary to be filed to claim the benefits of the foregoing laws.
- To draft wills and attend to caring for the property and settling the business affairs of men entering the service.
- To represent soldiers and sailors in court where necessary and obtain for them the benefits of the civil rights act when in force.
- To arrange to attend to such business matters as require and are capable of attention in the absence of men in the service.
- To report to the Red Cross home service section, cases requiring relief which come to the attention of the committee.

Composed Mainly of Lawyers

Each local committee should be composed primarily of lawyers, but should include in its membership a business man, and a representative of the Red Cross home service section. The members of each exemption board should be informed of the scope of the committee's work, and asked to cooperate. A bulletin showing the personnel of the committee, its headquarters, and the address of each member should be posted in the office of each exemption board, and mailed to every drafted man. A special effort should be made to reach those classified for early service in order to enable them to have their affairs well taken care of when the time comes for them to enter the service. Publicity should also be given to the work of the committee through the public press, and information as to its work should be communicated to the Red Cross and other organizations doing relief work.

CONGREGATIONAL RECEPTION

There will be no postponement on account of the weather of the reception to be given in honor of Rev. and Mrs. W. J. Marsh, at the Congregational Church this evening. Mr. Marsh is the acting pastor of the church and members and attendants have been looking forward to this opportunity to meet him and Mrs. Marsh in a social way. It will also afford an opportunity for new members to get acquainted.

ALLENBY CAPTURES JERICHO

AUSTRALIAN TROOPS ENTERED FAMOUS CITY OF ANCIENT PALESTINE THIS MORNING

(Special Service to Glendale Evening News)
LONDON, February 22.—Jericho, famous city of ancient Palestine, has been captured by the British. Australian mounted troops entered the city this morning and established their lines between Jericho and Wadi-Anja, official dispatches from Gen. Allenby received today declare.

GERMANY DEMANDS PETROGRAD

WOULD OCCUPY RUSSIAN CAPITAL AS A GUARANTEE OF PEACE TREATY WITH BOLSHIEVIKI

(Special Service to Glendale Evening News)
LONDON, February 22.—Germany has demanded the occupation of Petrograd as a guarantee of her peace treaty with Russia, and a thirty-year trade agreement. Russian forces have evacuated Pskoff and Polotsk and the capture of Minsk gravely endangers Homel and Mohilev, where vast supplies of ammunition and food are stored.

BOLSHIEVIKI RESISTS GERMAN INVASION

RUSSIAN CAVALRY IS RUSHED NORTHWARD TO STEM THE TEUTONIC FLOOD—RUSSIANS EVACUATE FINLAND

(Special Service to Glendale Evening News)
PETROGRAD, February 22.—The Germans have occupied the entire northern portion of the Russian front and the Russians are retreating in disorder. Russian cavalry is being rushed northward to attempt to stem the Teuton invasion. The people's commissaire has ordered the Russian forces to evacuate Finland. This means that the Bolsheviki is concentrating its forces to resist Germany and abandoning the attempt to conquer the new Republic of Finland now fighting for its independence.

HOLLWEG BUYS LIBERTY BONDS

INCOME OF TEXAS REAL ESTATE HOLDINGS OF EX-CHANCELLOR CONVERTED INTO AMERICAN BONDS

(Special Service to Glendale Evening News)
WASHINGTON, February 22.—Former German Chancellor Hollweg has purchased American Liberty bonds. The caretaker of real estate holdings of the ex-chancellor at Waco, Texas, asked that the total income of the property—\$75,000—be converted into bonds. Some of the money has already been turned into liberty bonds, presumably at Hollweg's order.

RUMANIA TO NEGOTIATE FOR PEACE

PREMIER AND FOREIGN MINISTER STIR TO BE IN BUCHAREST CONFERRING WITH COUNT CZERNIN

(Special Service to Glendale Evening News)
AMSTERDAM, February 22.—Peace negotiations between Rumania and the Central powers are to be started tomorrow according to reports received here. The Rumanian premier and the foreign minister are said to be in Bucharest, former capital of Rumania, where Austrian Foreign Minister Czernin is reported to have gone several days ago.

GERMAN RECRUITS MUTINY

SOLDIERS AT CAMP BEVERLOO, BELGIUM, KILL OFFICERS AFTER SEEING PRIVATE SABERED

(Special Service to Glendale Evening News)
AMSTERDAM, February 22.—German recruits in Camp Beverloo, Belgium, 30 miles east of Brussels, are reported to have mutinied and shot several officers after one of the latter had sabered a soldier. A number of the mutineers were courtmartialled.

SENATE REJECTS HITCHCOCK AMENDMENT

(Special Service to Glendale Evening News)
WASHINGTON, February 22.—Determined efforts to curtail the president's power and set aside laws hampering the free control of railroads under federal management were defeated in the Senate this morning. By a vote of 46 to 25 the Senate rejected the Hitchcock amendment to the Railroad bill providing that the president must have Congressional authority for all orders affecting railroad control.

ARTILLERY ACTION OVER WIDE FRONT IN FRANCE

PARIS, February 22.—Violent artillery over a wide front is reported by the French war office. Cannonading is particularly violent in the region of the Pinon forest, Chevraux, Californie, Beler, Hartmansweilerkopf and Butte Mesnil, where the American artillery is stationed.

TRUSTEES' MEETING

AUTHORIZE WEEK OF FEBRUARY 24 TO MARCH 2 AS CLEAN-UP WEEK

The Board of Trustees met in regular session at the City Hall at 8:15 p. m., February 21, 1918. All members present at roll call.

The minutes of the last regular meeting were read and approved after the insertion on Page 273 of the words, "report of Committee of the Whole." On motion of Trustee Woodberry, it was ordered that the Board now proceed to canvass the returns of the election held in Grand View District on February 16th to determine the question of annexation to the City of Glendale. The Chairman appointed Trustees Grist and Muhleman as tellers and Trustees Woodberry and Jackson as clerks.

On motion, Resolution No. 988, "A Resolution of the Board of Trustees of the City of Glendale declaring the result of the special election held in Grand View District February 15th, 1918," was taken up for reading.

On motion of Trustee Grist, the same upon being read was adopted.

A communication was presented from the City of Venice calling attention to the efforts being made by the City of Los Angeles to annex outside territory; the communication was accompanied by a map showing the situation. On motion, the communication was ordered to be filed.

Application for permit to operate motor busses were presented and read from C. B. Wilson and A. J. Richardson. On motion of Trustee Muhleman, permits were granted in both cases.

A communication was read from Clinton L. Booth asking permission to remove two eucalyptus trees on the northwest corner of Brand boulevard and Lomita avenue. On motion of Trustee Jackson, the permission was granted on condition that the applicant assume all responsibility for possible damage to any property resulting from the removal of the trees.

A communication was read from the Manager of the Glendale Sanitarium, requesting that Mr. Wm. Duce, a night watchman in that institution, be appointed a special policeman. The communication was accompanied by a letter from the Chief of Police recommending the appointment. On motion of Trustee Woodberry the request was granted and the appointment authorized.

A communication was read from J. F. Lilly calling attention to the fact that an insurance policy on the City Hall expires on February 24th. On motion of Trustee Muhleman, the Clerk was authorized to advertise for a policy of \$4000.00 on the City Hall building, bids to be opened at eight o'clock p. m. February 29th.

A communication was read from the manager of the Public Service Department stating that the department had been heretofore authorized to pay \$6.00 a share for all stock of the Verdugo Canon Water Company owned outside of the City of Glendale. He recommended that the department receive authority to pay \$10 a share for this stock, regardless of the residence of the owner. On motion of Trustee Woodberry, the authority was granted.

The City Manager reported the need of the city for an automobile for general use and, on motion, the City Clerk was authorized to advertise for a five-passenger, four-cylinder Ford automobile—bids to be opened February 28th.

The City Manager recommended the acceptance of the offer of Jacob Fink to furnish eight large signs to be placed at various points on the outskirts of the city bidding welcome to incoming travelers, and requesting an observance of the city ordinances, at a cost of \$48.00.

The City Manager reported that the society organized for the purpose of cultivating vacant lots of the City desired that the trustees recommend a day on which lots should be cleared of rubbish, the same to be hauled off by the Street Department. On motion of Trustee Grist, that the week of February 24th to March 2nd, inclusive, be known as Clean-up Week, with a recommendation to citizens that it be generally observed, was adopted.

The City Attorney presented a communication in regard to the claim of certain persons for exemption under the provisions of the constitution as widows of soldiers, recommending that the Treasurer be authorized to refund any taxes paid on property of this description, for which a refund has been requested. On motion of Trustee Muhleman, the communication was referred to the City Tax Collector.

The City Attorney stated that the Railroad Commission has set a hearing. (Continued on Page 4)

AUTO DEMOLISHED

GLEN EAGLE DAIRY DELIVERY CAR AND STREET CAR IN COLLISION

An accident which created enough excitement to relieve the dull monotony of a stormy day occurred this (Friday) morning at the corner of Jackson and Broadway when an west-bound Glendale-Eagle Rock street car collided with an automobile delivery car belonging to the Glen Eagle Dairy and driven by Orville Towers.

The street car was proceeding at its customary speed and the auto was slowly approaching Broadway on Jackson street. All the side curtains of the auto were down and presumably Mr. Towers did not see the car. From the moderation with which he was driving, passengers and Motorman W. Nagel expected him to stop when he reached the car tracks. When it was evident he was not intending to stop, the motorman put on the brakes but the momentum of the car carried it forward and the collision took place. The glass in the headlight of the car was broken, also the windshield in the auto, Mr. Towers being considerably cut by the flying glass. He was a trifle dazed by the shock and was taken at once to the Glendale Sanitarium where his wounds were dressed. The hospital authorities report that he has quite a gash above one eye and a cut on one hand, and that possibly a rib is broken, but that his injuries are not serious.

The service car and helpers of the Ford Agency were called out to clear up the wreck.

NEAR CHAMPIONS

Disappointment was the portion of Glendale's Basket Ball Team which went after the championship of Southern California against the team of Hollywood High Wednesday, and which failed to wrest the laurels from the victors' brows. It was a game by no means creditable to the home team, as Hollywood, which has an exceedingly fine and well disciplined bunch of players and which had expected to have a perfect walk-away, had to work for its honors.

The game was played on the indoor court at the Los Angeles Y. M. C. A., which was a disadvantage to the Glendale players, accustomed as they are to an outdoor field. They did fine work, however, and feel that they have no reason to be ashamed of a rank second to that of the best team in all Southern California, which boasts not less than one hundred school teams in active training. The score was 29 to 15. Glendale's team is well organized, most of its players will be with it next year, and when Hollywood meets them again, they predict the result will be different.

NOT AFRAID OF RAIN

Bad weather did not keep at home the zealous workers for the Red Cross in Tropic. They gathered Thursday night to the number of twenty to twenty-four at the City Building, corner of Brand and Tropic avenues, some to work in the surgical dressings department, which is doing fine work under the direction of Mrs. William Harvey Jr., some to get yarn for the helmets, mufflers and sweaters which are being turned out in considerable numbers. A neighborhood club has been formed in the Richardson Tract which is having a February drive in Red Cross work. Mrs. A. J. Becker is active in the work.

SUNDAY SCHOOL SOCIAL

The Sunday School Social held at the Glendale Presbyterian Church Thursday evening proved to be a very nice, homey affair which was immensely enjoyed by the audience, composed almost entirely of children. As the attendance was about half the number expected, there was enough ice cream and cake to go twice around, which made that part of the program exceedingly popular.

An excellent program of literary numbers was presented, Erma Woolbridge giving a Japanese song in costume; Evangeline Quackenbush a couple of humorous readings, Professor Howe a talk on life in the trenches and army stories. Games were played and a good old fashioned song fest closed the much enjoyed evening's entertainment about 9:30.

A liberal consignment of cake and ice cream was sent to the Sunday School Superintendent, John Campbell, who is sick with the measles.

Mr. and Mrs. S. H. Rich and Sam Houston Rich were guests of Mrs. Mary Rich of Tropic avenue last Sunday.

GLENDALE, CALIFORNIA, FRIDAY, FEBRUARY 22, 1918.

HELPING THE KAISER

In this war crisis any man who hampers war industries by taking undue profits or who shackles them by unreasonable wage demands and strikes is working for "the kaiser and ought to be treated accordingly. It is America's stern duty to help win the war and "time is the essence of this contract." The longer we delay the harder the task will be.

California seems to have its full share of Bolshevik labor leaders who are delaying government contracts and embarrassing the prosecution of the war by loafing on the job and fomenting strikes. This fact is emphasized by the latest strike in San Francisco and the following little fable from Life applies very well to that situation:

Uncle Sam, in search of men, came upon Jack Jones and Bill Brown.

"Jack," brusquely greeted Uncle, "I need you for the army."

"Very well, sir," answered Jack.

"You will receive \$30 a month and your keep, including medical attention and clothing."

"I'm drawing \$150 now," grinned Jack.

"The service may cost you a leg, arm, eyes, or even your life," solemnly warned Uncle Sam.

"That is understood," gravely replied Jack. "When and where shall I report?"

Having received his orders, Jack marched briskly away.

Uncle Sam then turned deferentially, apologetically, to Bill Brown.

"Mr. Brown," began Uncle Sam, "you, I believe, are a machinist, earning \$3.50 a day?"

"Umhuh," grunted Brown.

"You will please, if it is not asking too much, continue at your usual employment, in consideration of a 50 per cent increase in wages, shorter hours and better working conditions?"

"I don't know whether I will or not," was the flat response.

"But I must have your co-operation," pleaded Uncle Sam, with tears in his eyes. "Won't you please, for my sake, remain at work?"

"Maybe for a while," condescended Brown. "I can't make any iron-clad promises for the future, though."

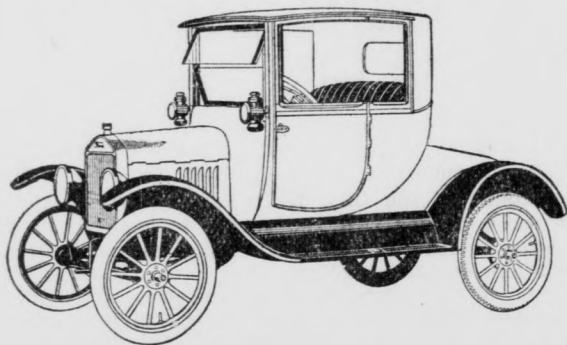

With that, the best that he could obtain, Uncle Sam sorrowfully departed.—Riverside Press.

Ford

THE UNIVERSAL CAR

The Ford Sedan, \$695 f. o. b. Detroit, is a handsome enclosed motor car that meets every demand in an up-to-date enclosed car. A roomy interior seating five; deeply upholstered with fine cloth; plate glass sliding windows; silk curtains; latest type of ventilating windshield; large doors—everything for comfort, and the everlasting regular Ford chassis to carry it, all means safety with simplicity in operation and the lowest cost for maintenance. The real family car—just as delightful on the farm as it is in town. Come, see it. Immediate delivery.

JUNIORS COLLECT

Saturday, February 16th, the High School opened up the Junior Red Cross Salvage Drive with an avalanche of papers. They came in large force bright and early, planning to dispose of the salvage in time for a basket ball game scheduled for the afternoon. But the papers rolled in in such quantities that after the game—which they won—they came back and worked until ten o'clock finishing up. Then on top of all that they found time to do some work for the shop that they were not under the slightest obligation to do. The shop appreciated their generosity and hopes for an early opportunity to return the favor.

Later Philip Davis, John Bender and Hubert Woods returned to the work room and baled about twenty-five bales.

With such a spirit in the saddle and the price of papers going up again, the income to the Junior Red Cross should be no inconsiderable sum.

Mr. Hewitt of the Glendale Laundry has very generously arranged to have his drivers deliver the school paper to the work room every week. He has also had much laundering done for the Red Cross free of charge.

Personals

Miss Maude Hawkes of Los Angeles, is the guest of Mrs. L. F. Kerri.

Mrs. Chauncey K. Lake spent Thursday in Burbank, as the guest of an old friend.

Mrs. James Little of Los Angeles, was the guest of Mrs. Landon Haynes of Cypress avenue, Wednesday.

The Thimble Club met with Mrs. Rice of Tropico and Central avenues this week and did Red Cross work. Refreshments were served by the hostess and a very pleasant afternoon was spent.

The Woman's Guild of St. Mark's Episcopal Church will meet today, Friday, with Mrs. Porter of 823 Brand boulevard and will study Bishop Rhinelander's book on Missions. The meeting will open at 2:30 p. m.

Red Cross headquarters of the Glendale Chapter are closed in observance of Washington's Birthday. Some of the ladies who ordinarily work Friday came Tuesday instead so their quota of work would not fall off.

Mr. and Mrs. R. M. John of Pontiac, Illinois, have been guests of Mr. and Mrs. Moore of Broadway, this week. They are touring Southern California. They like it very much and will be here until warm weather prevails in the east.

The Glendale Book Store is making alterations by moving temporary partitions so they may give enlarged space to Dr. C. Stuart Steelman, whose business is increasing at such a rate that he has found it necessary to have more room.

A small but very enjoyable meeting of the Pioneer Club was held Wednesday at the home of Mrs. J. W. Andree, 1562 Pioneer Drive. It was a stormy afternoon which made the indoors the cosier, and the ladies spent a pleasant afternoon with informal chat, knitting and needlework.

Mrs. E. U. Emery is in receipt of letters from her son Owen, who is at Camp Lewis, indicating that he continues well and happy. He is in the officers' training school and in a recent letter described the practice trenches built during a snow storm which were occupied and reoccupied during practice skirmishes.

The evening meeting which was to have been held at Chapter headquarters of the Glendale Red Cross Thursday evening, and for which a nice program had been arranged, was postponed and will probably be held next week instead. Dr. Henry R. Harrower will be the lecturer and will give a popular talk on the chemistry of the body.

Mrs. J. W. Durham of 1679 West Seventh street, is expecting daily a letter from her son Ben Durham announcing his return to New York from which port his last letter was dated. He had been changed from his regular ship to a merchantman and was awaiting a cargo. She assumes that he has made the voyage across and must now be on his way back to an Atlantic port.

Mrs. V. Price Brown of Louise and Second street was the hostess Thursday of the Red Cross War Relief and Recreation Committee of the Tuesday Afternoon Club. About twenty ladies were present, among them Mrs. Dan Campbell, the chairman who has recently returned from a visit to relatives in Los Angeles. The regular basket luncheon was served at noon and the afternoon was devoted to knitting and sewing with an accompaniment of friendly chat. All the work of this organization, and it amounts to considerable, is turned over to the Glendale Chapter and from time to time cash donations from its treasury are made. The next meeting of the committee will be held at the home of Mrs. D. H. Smith, 146 South Maryland.

DEATH CALLS AGAIN

Miss Mary Agnes McLafferty passed away at her home on Verdugo Road this morning (Friday) at 7 o'clock. She was a sister of James and Genevieve McLafferty who buried their father in Forest Lawn Cemetery about three weeks ago. No arrangements have yet been made for funeral services.

INTERIOR DECORATIONS

An Irish soldier coming out of ether in the hospital ward after an operation, exclaimed audibly:

"Thank God! That is over!"

"Don't be so sure," said the man in the next cot, "they left a sponge in me and had to cut me open again." And the patient on the other side said, "Yess, they had to open me, too, to find one of their instruments."

Just then the surgeon who had operated on the Irishman struck his head in the door and yelled: "Has anybody seen my hat?"—Illustrated World.

SALVAGE DRIVE

GRAMMAR SCHOOL CHILDREN WILL TRY TO BEAT RECORD OF THE HIGH SCHOOL

Superintendent Richardson D. White states that all of the Glendale schools except two are now enrolled under the banner of the Junior Red Cross and those two will have completed enrollment by the first of next week and become Red Cross Auxiliaries. The High School was the first to enroll and last Saturday it made a drive for salvage, in which it more than doubled the best record for collections heretofore made. Newspapers were the principal stock gathered but the boys and girls also brought in old clothing, rags, scrap metal, bottles, etc.

The coming Saturday the children of the Intermediate School will have a salvage drive. Spurred on by the record which the High School made, they will try to eclipse it. It is up to the parents and friends of the youngsters to help out by gathering up everything in the junk line and assisting them to hold their own with the big girls and boys.

School salvage has been allowed to accumulate owing to the unsettled condition of the junk market, but it is to be disposed of in the near future and will put the new auxiliaries in good shape as far as funds to purchase materials are concerned.

WHAT FATHER ENJOYED

To the Glendale Evening News:

The Father's Night of the Columbus Avenue school proved a great success. Dr. Knowles was the principal speaker of the evening. He is an American who was in Russia at the time the war broke out, and offered his services to that government. He gave a talk that was highly appreciated by all, and everyone present felt fully repaid for venturing out in the much needed downpour. We all hope that we may again have the privilege of listening to Major Knowles.

Mrs. Gertrude Pollansbee delighted her audience with two splendid selections. Glendale is favored in having such a talented reader in her midst, one who is always gracious and willing to give her services for the pleasure of others.

The Male Quartette of the Congregational Church, carried its audience with them in the rendering of their patriotic numbers. It is composed of Messrs. Franklin, Beers, Abell and Yarik. The members of this quartette have pleased many audiences with their harmonious singing, and last night added another triumph to those already won.

Two beautiful dances were given by three of Miss Edith Lindsay's pupils, Miss Marjorie McLouth, Sarah Chandler and Barbara Blech. These little dancers are always appreciated, whenever they appear.

Miss Lorraine Mitchell drilled six little girls who sang most beautifully, "It's Your Flag and My Flag." Our program would not have been complete without having our own Prof. R. D. White address us. He told in a few brief words the object of the Junior Red Cross.

In supplying piano accompaniments for vocal numbers, Mrs. Abell contributed in no small degree to the pleasure of the evening.

The committee desires to thank our gracious president for the hospitality extended to the organization, and Mr. White for courtesies extended the speaker. We also desire to thank Mr. Cowan, who has ever been willing to render any service within his power to our organization. The Columbus Avenue P. T. A. is one of the most thriving in the Federation, and for almost two years has been under the capable leadership of Mrs. John Robert White.

MRS. C. M. VAN DYKE,
Chairman of Patriotism.

THURSDAY AFTERNOON CLUB

The Thursday Afternoon Club meeting held at the home of Miss Ida Myers, 307 South San Fernando boulevard, was a pleasant but uneventful afternoon. On account of the bad weather the talk by Public Defender Walton J. Wood was postponed until better weather would make possible a larger attendance. The next club meeting will be held March 7th at the home of Mrs. Edward Lynch in Damasco Court.

WATERLOO

Sir Walter Scott once said that the loss of the battle of Waterloo threw half Britain into mourning, yet the casualties of England and her allies were only 22,428, which included the wounded and missing. The French are supposed to have lost 31,000 or 32,000, as many of the exhausted men were trampled on by the troops of Bluecher, but owing to Napoleon's exile to St. Helena no accurate record could be made.

A safety first postal card permitted by the government for use by soldiers in communicating with their friends is on exhibition at the Glendale Chamber of Commerce. It is interesting as showing provisions made for the government for soldiers to communicate essential news concerning their welfare without giving any information to the enemy.

Alice—What kind of girl has Jack engaged himself to? Rose—Oh, she's the sort of woman you never dare to ask to luncheon for fear she'll stay to dinner.—Exchange.

ANNOUNCEMENTS

CANDIDATE FOR CITY TRUSTEE

I hereby announce myself as a candidate for the office of trustee of the City of Glendale subject to the decision of the voters at the City election, Monday, April 8, 1918.
141tf C. H. HENRY.

CANDIDATE FOR CITY TRUSTEE

The undersigned announces his candidacy for the office of trustee of the City of Glendale, and will appreciate the support of the people at the polls on the date of election, April 8, 1918.
143tf J. H. MELLISH.

CANDIDATE FOR CITY CLERK

I hereby announce my candidacy for the office of City Clerk of the City of Glendale, subject to the decision of the voters at the City election, April 8th, 1918.
144tf JOSEPH V. GRIFFIN.

RED CROSS NOTES

Mrs. Sadler was in charge of the Sewing Department Thursday, a day of storm which kept many workers at home. She was assisted by Mrs. Phister and Mrs. Fields.

Mrs. W. R. Cleveland was the instructor in the Surgical Dressings Department Wednesday, the workers on that day being: Mesdames C. L. Peckham, N. A. Reynolds, Archie Parker, A. R. Hildreth, C. L. Bullard, J. Whitlock, Anna Van Pelt, Mrs. C. B. Wilde, Miss Mary Blackburn, Mrs. A. L. Lawshe and Mrs. Carson Taylor. 308 4x4 sponges were made.

Mrs. Edgar Pack was the instructor Thursday and her assistants were Miss Maude Cunningham, Mesdames Joe Hawkins, Willard Moody, Archie Parker, Joseph Taggart, R. M. Taggart, James W. Pearson, J. F. Lilly, W. H. Boothby. 244 sponges 4x4 were cut and folded.

Piles of fine knitted garments were brought in to the department Thursday in spite of the storm. The stocks included 22 sweaters, six helmets and six mufflers.

INSPECTION WEEK

Efficiency is manifesting itself in new ways in the business world every day under the compulsion of war conditions. The great problem confronting merchants is, not how to sell goods but how to get them. Mr. Frank J. Kuntzner, of the Glendale Paint and Paper Company says that stock ordered six months ago is still on the way and dealers have had to adopt the policy as soon as a shipment is received of placing a fresh order so the stock may have time to reach them before the goods on hand are exhausted. All this emphasizes the growing need of manufacturers and of merchant steamships on this coast.

A similar problem is confronting the farmers and because food production is the most urgent need of the world at this time, the United States Food Administration is urging a farm implement inspection and repair week from March 4th to March 9th. During this week an effort will be made to have every farmer carefully look over stocks of tools and machinery and place orders for repairs or extra parts. Unprecedented scarcity of malleable and steel parts, freight congestion liable to bring about serious delays, and the chance to save express and postal charges for transportation are the reasons advanced for taking time by the forelock and placing orders now. We are all familiar with the old song: "All for the want of a horse-shoe nail," and there is no question but that an ounce of prevention is worth a pound of cure in war times.

GARDEN SUGGESTIONS

It is quite safe to predict that the cessation of rain will be the signal for a vast amount of gardening to begin. Few who have any lurking "back to the soil" instincts will be able to resist the invitation of the steaming ground so rich in promises and sometimes so niggardly in fulfillment, but that is generally the fault of the horticulturist, who does not know how.

F. McG. Kelley says it is not too late to plant roses; that nearly everything is still dormant and if put in now will go right ahead.

Bulb planting time is past except possibly gladioli and tuberoses.

Mr. Kelley is an eloquent advocate of the soy bean which is being quite extensively planted. It is so rich in oil that he says it requires no pork in baking, its analysis running 17 per cent oil, 41 per cent protein. He has eaten it and says it has a very pleasant flavor.

Potato planting is at its height now and according to Mr. Kelley the "White Rose," "The Red Rose" and the "American Wonder" are the favorite varieties. "The Triumph," he says is not doing well this year.

The vegetable about which he is most enthusiastic however, is "chayotes," a vine which once planted lives from year to year increasing in productivity. Its fruit is of the character of a summer squash. The vine will grow sixty feet in a season and in time will cover a trellis and yield hundreds of fruits.

The help you give in time of need is the help that is worth while.

It is the patriotic duty of all users to avoid waste of gasoline.

A saving of one and three-quarter pints each day for each automobile and truck will insure enough for government needs for the coming year.

Let us help you by giving you printed instructions (how to save) which are free for the asking.

Save your old casings and tubes for your local Red Cross Society.

CHRISTIAN SCIENCE ON EQUAL STATUS

Under the heading "Christian Science in the Navy," the New York World on Tuesday printed the following as an editorial:

"The appointment by Secretary Daniels of a Christian Scientist as navy chaplain denotes a significant change in the public attitude toward the faith founded by Mrs. Eddy.

"Could such a selection of a spiritual adviser have been conceived of in Dewey's navy? Christian Science then and long after was anathema to the regular religious denominations of the country. Legislation was invoked to restrain it, medical societies prosecuted the practitioners, and it was made to bear the brunt of a powerful opposition everywhere. Now the Government gives it full recognition and accords its readers an equal status with the ministers of other creeds. Besides the navy chaplain, there are two Christian Science chaplains in the army.

"So have the old antagonisms subsided and the earlier intolerance given way under the spirit of religious freedom. History has repeated itself once more, and the new kirk fought its way to a place alongside the old kirk. It has been an interesting process, and the outcome is notable as an illustration of the liberalizing tendencies of modern opinion, whether religious or political."—C. S. Monitor.

A PATRIOTIC AFFAIR

Rain apparently has a stimulating effect upon the population as well as the vegetation of Glendale. In spite of the inclement weather the attendance on the Patriotic Social given by the women of the Tropic Methodist Church was a very successful affair. The hall had been beautifully decorated for the occasion, the national colors prevailing everywhere. The stars and stripes raised above a large picture of George Washington gave an additional patriotic note.

An inspiring patriotic program opened with a salute to the flag led by Geraldine Meagher and Ermahollace Lucas, followed by unison singing of the "Star Spangled Banner."

Dr. P. O. Lucas sang "The Story of Old Glory" in a most pleasing way, accompanied by Mrs. W. A. Crawford.

Comrade Robert Taylor then introduced Commander C. H. Clark, the chief orator of the evening who made a splendid talk on "World Democracy."

Dr. Joseph Marple, whose rich tenor voice greatly delighted the audience, sang "The Redeemed of Israel" followed by "Mother March" and "It's a Long Way to California."

In closing the program Mrs. Thos. Meagher, chairman of the evening, gracefully thanked all who had con-

tributed to make the evening such a success.

A social hour followed in which refreshments were served, every one present receiving a miniature silk flag as a souvenir of a delightful and profitable evening.

TRUSTEES' MEETING

(Continued from Page 1)
ing in the matter of fixing the valuation of the property of the Southern California Gas Company in Glendale for April 29th next.

On motion, "An Ordinance of the City of Glendale approving the annexation of certain territory known as 'Grand View District' to the City of Glendale," was taken up for first reading. On motion, this ordinance was declared read for the first time and was taken up for the second reading. On motion, this ordinance was declared read for the second time and was laid over till the next regular meeting for the third and final reading.

On motion, Ordinance No. 326, "An Ordinance regulating the presenting, auditing and paying of demands against the City of Glendale by amending Section 2 of Ordinance No. 296-A," was taken up for third and final reading, and upon being read was, on motion, adopted.

On motion of Trustee Jackson, it was ordered that the sum of \$90.00 be appropriated for the payment of rent for room occupied by Chamber of Commerce under the same conditions as before.

On motion of Trustee Muhleman, it was ordered that the people of Glendale be invited to meet with the Board of Trustees at the next regular meeting, February 28th, at eight o'clock p. m. to discuss the question of renumbering of city streets; in the meantime the City Manager was instructed to have the different propositions published in the local papers.

WINTER CARNIVAL OPENS

STEAMBOAT SPRINGS, (Colo.) Feb. 22.—The fifth annual winter sports carnival of the Steamboat Springs Ski club opened here today, and lasts through tomorrow.

In addition to dozens of expert amateur skaters and skiers from the Rocky Mountain district, several well known ice sport notables from Minnesota, Wisconsin and Chicago were to participate. Among these was Kark Hall, brother of the world's title holder for skiing. Six prominent professionals were also to attempt to set a new world's record for distance.

INSURANCE NEEDED HERE

WASHINGTON, Feb. 22.—An Italian private from Camp Wadsworth who applied for War Risk Insurance today is the only American soldier who so far has sought to take full advantage of the beneficiary clause.

More feathers in our bonnet

"Heap Big Mileage" results in much praise from the members of the Savage "Tribe." We are proud of having received hundreds of letters like the following:

12,400 miles and going strong.

"Have driven to date 12,401 miles, and by the looks of the casing it should go 5,000 miles yet. It is a Savage."—A. J. Kellogg, Los Angeles.

Over 10,000 miles.

"Have used a Savage Tire for 2 1/4 years—have made 10,000 miles. It is still good for 2,500 more."—D. G. Durbin, El Cajon, California.

15,000 miles, still in use.

"July 12, 1915, purchased Savage Non-Skid tire. February 4, 1917, was still in use, while on opposite wheel we had worn out two other standard makes of tires—Savage has given 15,000 miles."—George & Co., Lincoln, Nebraska.

11,000 miles, Savages all round.

"Have four Savages on my car. One has gone 10,814 miles, one 7,428, one 7,419, and one 2,000. All in good condition and will get several thousand miles more from each."—D. J. Miller, Contractor, San Diego.

TWELVE THOUSAND TALK ON FOOD CONSERVATION

WASHINGTON, Feb. 22.—Booking 12,000 speakers to teach food conservation is the man-sized job handled by Mrs. Van Winkle, veteran woman-suffrage campaigner—and another of Herbert Hoover's \$1-a-year assistants.

Nine special star performers, just returned from an extensive European tour where they investigated food conditions, are "on the road" now, under contract with Booking-Agent Van Winkle.

With all due respect for the National food administration it nevertheless is the opinion of the writer if these 12,000 persons would actually produce foodstuffs the coming season instead of spending their time talking, greater things would be accomplished. Workers and not talkers are needed in this time of a scarcity of tillers of the soil.

WOMEN RISE EARLY

ST. PAUL, (Minn.) Feb. 22.—Five hundred women from every corner of Minnesota came to St. Paul today to eat breakfast. It was the annual mid-winter breakfast of the Minnesota Federation of Women's Clubs.

Any mail carrier will sell you Thrift Stamps.

CLEANLINESS IS HARMFUL TO EGGS

Uncle Sam's specialists have discovered one instance where cleanliness is not to be desired, where dirt is a protection rather than a menace. Strange to say, this discovery has to do with the preservation of one item of food supply.

Approximately 5,016,000 dozen eggs spoil needlessly every year in cold storage simply because someone has let clean eggs get wet or has washed dirty eggs before sending them to market, according to the experts of the United States department of agriculture. Careful investigations of large quantities of stored eggs show that from 17 to 22 per cent of washed eggs become worthless in storage, whereas only 4 to 8 per cent of dirty eggs stored unwashed spoil. The explanation is simple. Water removes from the shell of the egg a gelatinous covering which helps to keep air and germs out of the inside of the egg. Once this covering is removed by washing or rain which gets to eggs in the nest, germs and molds find ready access to the contents and spoil the eggs.

This enormous loss in storage eggs largely can be prevented, it is declared, if producers and egg handlers will refrain from washing eggs destined for the storage markets and take pains to reduce the number of

dirty eggs by providing plenty of clean, sheltered nests for their hens. Millions of eggs spoil in storage because they have been exposed to dew, rain, dirt and sun in stolen nests in the grass or fence corners.

In view of this great loss of valuable food, the department urges country storekeepers and hucksters not to accept washed eggs for shipment in case lots. Shiny eggs, especially in the early spring, probably have been washed. All washed eggs purchased should be sold locally for immediate consumption, it is declared.

SO ANNOYING

The latest example of English as she is spoken comes from Egypt, where a native interpreter, who had overstayed his leave, wrote the following letter to his chief:

"My absence is impossible. Some one has removed my wife. My God I am annoyed."—N. Y. Sun.

A young lady with a pet dog on an electric car asked the conductor to stop at a certain point. When he did so she went to the platform and there stood gesticulating with the dog under her arm.

"Hurry up, miss, hurry up! You want to get out here, don't you?"

"Oh, dear no, thank you. I only wished to show Fido where her mother lives."—Exchange.
